

Electric Vehicle Fundamentals Course

Are you interested in having an electric vehicle (EV)?

An EV can be an electric car, truck, bicycle, motorcycle, boat, tractor or another form of clean-air vehicle.

Would you like to know more about what is available, what is coming, or how you can make your own?

The Electric Vehicle Council of Ottawa (EVCO) has been promoting various forms of electric vehicles for 30 years. EVCO's members have decades of expertise in the construction, conversion and operation of electric vehicles.

The Electric Vehicle Fundamentals course runs for 10 sessions, Tuesday evenings from October 4th to December 6th, 2011 - 7 to 10 p.m. inclusive.

The 10 sessions are:

1. Introduction
2. Basic Electricity and Energy
3. Environment (ecological, energy, regulatory, history)
4. User Requirements (what's available, make vs. buy decision)
5. Primary Components 1
6. Primary Components 2
7. Conversion Process
8. Operation (Driving and Maintenance)
9. The Electric Car isn't Dead
10. Advanced topics, additional information

The cost for the course is \$150 (no HST). Class is limited to 24 students, first come, first served. For more information, or to reserve a space, visit the EVCO website at evco.ca, or e-mail Darryl McMahon (darryl@econogics.com) for more information.
